

UTILIZING UNIVERSAL CONSCIOUSNESS for SELF EMPOWERMENT and TRUE SUCCESS

“If it is to be .. It's up to me!”

Is this true? Why? If so ... How is this possible?

Love is true! So, to thy own self be true. Why? Because - Love is the most powerful force.

COSMIC LAW:

Karma can be a Bitch!

- or -

Karma can be a Blessing!

> > > > > > > **So What makes the Difference ? ? ?**

Or – in other words, “*What goes around, comes around!*”

Or – stated another way, “*Whatever you sow, so shall you reap!*”

THE KEY: INTENTION

Intention is the key! To turn the key is simply to decide to change and/or be the person you want to be. True Success is to be Positive! Otherwise = *Bad Karma* !!!

What is TRUE Success?

Success is - the progressive realization of a worthwhile goal.

Another Key: So, What is Worthwhile?

Ask yourself this question - - - - - “Is it good for mankind, and/or the environment?” Then you will know! If YES, you are on the right path.

Accept Responsibility for your Actions.

*If you think you can ... or you think you can't – You are Right! .. and;
You are where you are today, because of the decisions you made yesterday!
So – if you don't like where you are in life, see Karma and the Key above.*

Another BIG KEY: the Magic of BELIEVING

Formula for Success in Life:

{ Putting it all together }

{ think about each one }

Whatever you can vividly imagine; { *in all its color, detail and glory* }

Sincerely believe; { *if you had the faith of a mustard seed* }

Ardently desire; { *how much do you want to make it happen* }

and Enthusiastically act upon; { *called – stepping out in faith* }

must inevitably come to pass. { *because your intention & belief make things happen* }

Use the Force Luke!

There is what is termed – the Source Field. Scientists in the late 1800's called it – the Ether! I called it – the Universal Cosmic Consciousness. This simply means, and has been scientifically proven, that there is abundant energy existing everywhere ... even in outer-space. The Cosmos is a vacuum, and it is called the Zero Point Field. Zero point energy has been found to exist everywhere. Mankind is capturing it and utilizing the energy. This is now scientific fact! Scientists call it *Dark Matter*.

Mankind saw tiny creatures living on the smallest of creatures. He built the microscope to see even smaller details of life existing where he had not known before. He later built the electron microscope and saw even smaller than the molecular structure, down to even the atomic structure of all matter. Then something really amazing happened. He saw something in the nucleus of the atom. He called it a “Quark”! This Quark actually changed shape according to the intention of the observer.

Imagine! Something smaller than an atom, and responsible for the construction of everything as we know it, responds to the intention of man. Could it really be, that we have the capability, and therefore the responsibility, of being co-creators ? ! ? Think of the gravity of that statement.

Universal Cosmic Consciousness is the CREATIVE LIFE FORCE. It is responsible for all Life, which exist everywhere and is constantly forming and growing. This is **true power**! This is absolute power! And it exists everywhere throughout the Cosmos. This is what Remote Viewers tap into when looking into the future. The Universal Consciousness knows everything backward and forward in time, because it is infinite. It exists outside of time and space. This explains near death experiences, and why Angelic entities can know past and future events – and so can you. This Universal Consciousness and the Source Field are one. It is caring, loving, all powerful and all knowing - omnipotent.

This Source Field can work in synchronicity to help you – *if*, your heart and mind is in the right place. So dream big and have the courage to be who you want to be, and do what you want to do. After all, you came here for a reason! But remember – you WILL have to take responsibility for your own actions. Better make it count for something Good ... for Mankind, for your intentions and your actions do affect everyone around you. Share this information. If everyone knew this, perhaps mankind could move into a sustainable future. Scientists call the “source”, the *Singularity*! The only agenda this life-force has - is to fulfill the potential in everything, including you! But unlike nature, you must be aware and consciously collaborate with this universal creative force to manifest your destiny for the good of mankind, in peace and harmony with our environment.

“Human eyes shall not witness death. There is no death of matter, for throughout the infinite universe, all has to move, to vibrate, that is - to live.”
